Latest NEWS and INFO for the NEWSLETTER
MMMonVHF The VHF-DX-Portal
****

** MS-Propagations June, 2011, MMMonVHF Overview **

June is known for the return of three remarkable daytime showers.
Major showers Arietids and Zeta-Perseids, peaking respectively on
June 7th and June 9th in 2011, are both characterized by a broad
maximum (with possible submaxima) and high ZHR value, thus making
first half of June one of the best periods of the year for MS-Dxing.
Even Beta-Taurids, peaking June 28, is characterized by fairly good
ZHR. Have a look to shower predictions for June 2011, featuring also
a short overview of 2011 Eta-Aquariids at our MMMonVHF MS
Propagationpage: http://www.mmmonvhf.de/ms.php

** UT5EU VHF memorial 2011 on 50 and up - 4th/5th June 2011 **

Founders: Dnipropetrovsk Oblast League amateurs of Ukraine,
Dnepropetrovsk OSOU Competitions are held the first full "Weekend"
(full Saturday and Sunday), June 17:00 UTC Saturday to 05:00 UTC Sunday
(in 2011 - 4-5 June). To participate in the competition are invited
amateurs from Ukraine and other countries and territories worldwide.
The competition involved teams (the team - 2 or 3 operators) and
operators of individual stations. Competitions are held in the
categories of Single OP (SO) - one operator, Multi OP (MO) - many
operators a call and Club stations (CO) club station, a radar, and 3 of
call in a credit. For the category of Single OP to allow only one
signal at a time. For the category of Multi OP and Club stations - one
signal for each band at each time. For Category Club stations - credit
is given for the amount of bonds for a maximum of three call signs,

operating from one location. SOURCE: UV5EOZ direct to MMMonVHF

C37MS qrv from JN02UM on 144 MHz MS / ES / Tropo
I am happy to announce my next DX-pedition.
With the help of very good friends from Italy and Spain I did receive
the licence for this year to operate from Andorra, with the callsign:
C37MS. Operation will take place between June 3 and 7, 2011 from a QTH
in the mountains, loc: JN02UM at 2510 m. asl. This is the first
Meteor Scatter operation since 1997. I will be QRV mainly via MS, but
this period is also good for Sporadic E. No EME this time because this
was done before (C31TLT in 2001 and C37DXU in 2009).
Rig: FT847 with FT857 spare
Ant: 10el. DJ9BV and 2 x 5el. DK7ZB
PA: 3CX800 and HLV600 spare
QRG FSK: 144.358 first per.
QRG SSB: 144.318 when we have a Sporadic E opening MS is stopped.
I will use two receivers with separate antennaï¿½s to monitor ES
activity and calling stations from different directions. This will be
an operation from my car with generator power. Andorra has mountains
all around so it is difficult for VHF work but I hope to work as much
stations as possible; C3 is number 6 on the most wanted DXCCï¿½s list.

Frank, DH7FB, will be on a /mm Operation with a sailing ship from
Athina to Korfu (around the Pellepones area) - here a rough timetable:
19.06.11 KM17 - 20.06.11 KM16 - 21.06.11 KM16 - 22.06.11 KM16
23.06.11 KM16 - 24.06.11 KM16 - 25.06.11 KM16 - 26.06.11 KM06
27.06.11 KM07 - 28.06.11 KM08 - 29.06.11 KM08 - 30.06.11 KM09
Call will be DH7FB/mm and Frank will try to be as often as possible
(NOT day by day due to the sailing trip) and if he will be qrv only
after 18 Z and if the ship is not anchoring south of an island. He
will try to be qrv on 144 MHz MS (qrg: 144,370 MHz cq for QSY
144,355 MHz, DH7FB/mm first, FSK441) and as well for some EME Tests.

Equipment will be 200W, 8 ele DK7ZB with 12 dbd (4,4m). pse look into
the dxc... :) SOURCE: tnx to Frank, DH7FB, direct to MMMonVHF

** S92DX in JI39gx DXpedition - October 21-27 **

Matt K0KKO has announced his upcoming DXpedition to Ilhï¿½u das Rolas
in Sao Tome & Principe: http://www.k0kko.net/pb/wp_5bd6e10c/wp_5bd6e10c.html
Note that the first days of the trip are the best cndx of the month
for 6m EME! The 6m EME station at S92DX will be an IC756 pro, ACOM
1000 and M2 6M8GJ yagi. This should result in a number of 6m EME
contacts ;-) - SOURCE: tnx to Lance, W7GJ, via [Magic Band EME]

** K7BV CN-CM-DM Grid Trip / (CM93 Preliminary Announcement) **

LATEST Update from Dennis, K7BV, dated 2011-05-29: Below is the Grid Trip schedule I have come up with after changing my departure one day later. In a few weeks, I will do a short grid trip to catch DM03/04/05 for those needing them. K7MAC is planning to do some of the grids I removed from my original plan a little later this summer. I will be playing the CN77/78 portion of this with some flexibility built in so I can get those most out of whatever Es I luck into during those two days.. Send comments and suggestions today direct to k7bv"at"aol.com please. I hope I can run the amplifier from most stops. May The Rocks & Es Be With Us! 73 / SOURCE: Dennis K7BV via WSJT-Reflector
Grid and Trip Details: http://www.mmmonvhf.de/latest.php?id=3818

** Trip to DM57 / DM56 **

I will be operating from DM57 for the weekend of Jun 3 - 5. I expect to be set up and on the air by late in the afternoon on Friday and will tear down to return home after M/S stops on Sunday AM (unless we get significant Es - then I'll stay as late as I can). I may stop briefly in DM56 on the way home - timing will depend on how the band was in DM57. If the band is good in DM56, I will stay there as late as I can. I will be following the same procedure as NJ0W on his web page (see http://www.6t6kix.com/pages/ham/nj0w.htm) except I will be QSYing up to 50.270 (if this is a bad frequency, please let me know). I'm not sure about Friday evening, but I expect to be on the air Saturday and Sunday starting about 1200Z. I will only have 100 W and a 3 el yagi at about 25'. Es openings will take precedence over M/S. I will not have Internet access and I don't expect to have cell service. If you have a request for a specific time or frequency, please send me an email and I'll see what I can do. Please keep me busy! 73 Bud - SOURCE: Bud, N7CW via [wsjtgroup]

** LATEST NEWS from FP/K9OT and FP/KB9LIE **

Operators Paul/K9OT and Peg/KB9LIE will be making their 8th annual trip to Miquelon Island (NA-032), July 21st- August 4th. They will sign FP/K9OT (prefer CW on 40/30m) and FP/KB9LIE (strictly SSB, mostly 17/20/40m unless higher bands are open). They will try to run a breakable 6M beacon on 50.120. Both will be in the IOTA Contest as a Multi-Ops/Mixed-Mode entry. QSL to their home callsigns, same address, either direct with return postage/IRC or via the Bureau. Logs will eventually be uploaded to LoTW. No eQSLs. Visit the following Web page at: http://www.hamradio.pnpfarms.com

** special station TM6JUN **

Commemorating the 67th anniversary of D-Day special station TM6JUN will be active once again from Utah Beach on 1-15 June. Look for

activity on 160-6 metres CW, SSB, RTTY and PSK. QSL via F5SAZ.

** Ch'uja Islands (AS-084) qrv HF and 50 MHz **

The Korea Contest Club will be active as D9K from the Ch'uja Islands
(AS-084) on 4-6 June. Plans are to perate CW, SSB and RTTY on all
the HF bands and 6 metres. QSL via operator's instructions.

      The VHF-DX-Portal MMMonVHF - Newsletter Credits & Info
****

Our Newsletter is compiled from the input of the USER of the
VHF-DX-Portal MMMonVHF and as well by a lot of free usable
HF-V-U-SHF-Info-Sources (named as SOURCE at the NEWS) and chats
like ON4KST-, RU-VHF-DX-Net, EA-V-U-SHF-Chat, N0UK-Chat and others.

** Many thanks to all our USER who did send us info and News **

Wherever we found the info we always indicate the source of the
info. If you get knowledge of an expedition, which is NOT listed
at our VHF-DX-Portal MMMonVHF or if you have additional info for
an expedition, PLEASE be so kind and send us this info at:

** www.mmmonvhf.de/newsuser.php or www.mmmonvhf.de/kontact.php **

The MMMonVHF-Team is always trying to spread any expedition info
as much up-to-date and reliable as possible and as long as the
info does not violate with our MMMonVHF-Policy ...

Have a lot of fun and enjoy the VHF-DX-Portal MMMonVHF!
